10. Standing Committee Report

Note three of the report was discussed. The PCC had been emailed photos of the proposed placing of the fixed Projector and Screen and given information of the cost of the equipment and the bespoke brackets and the fitting of the equipment. It thought it would enhance both worship and transmission. The following resolution was then proposed by AS. 'The PCC agreed to the purchase and fitting of a fixed screen and projector to enhance the quality of worship and transmission of services. The money would come from the Pamela Hale bequest'. The vote was passed unanimously.
